

UCLA Department of Mathematics Graduation Celebration
June 16, 2024

9:00 – 11:30 a.m.
Drake Stadium

At the departmental ceremonies, graduates will have an opportunity to cross the stage when their name is read and thus receive individual recognition. After your name is read, you must return directly to your seat. That way, all graduates receive the same acknowledgement for their accomplishment from everyone in attendance. Graduates may not leave the event until all graduates have crossed the stage and the ceremony has been called to a close.

Welcome

Chandrashekhar Khare, Chair of Mathematics

Guest Speaker

Brian Lakamp

(Executive Vice President, Media Supply Chain at Paramount)

Presentation of Departmental Awards

Presentation of Outstanding Actuarial Science Student Award
